

FROM THE PRINCIPAL'S DESK

ध्यानेनात्मनि पश्यन्ति केचिदात्मानमात्मना ।
अन्ये साङ्ख्येन योगेन कर्मयोगेन चापरे ॥ 13.24 ॥

The ancient Indian scriptures are the fountainhead of Indian culture and human civilization. The Indian education system that continues to modify itself, given the dynamic environment, is also in sync with these holy scriptures. NEP 2020 perceives a conscious shift to a system which establishes equilibrium between the body, mind and heart. It conforms in spirit to the above shloka from the Bhagwad Gita.

Each one of you is a unique creation of the Almighty; some of you find joy in experiencing through your heart, others appreciate exercising their intellect and there are those who engage in meaningful action.

Life is a great teacher. Each new day teaches us to adapt and learn. It is this willingness to adapt to change that determines the progress one makes. In the words of George Bernard Shaw, "Progress is impossible without change and those who cannot change their minds cannot change anything."

Therefore, as a student you must strive to grow and transform. Develop KAUSHAL; Knowledge, Awareness, Understanding, Speed, Heuristics, Ability and Logic. This will empower you to face the challenges of the future, particularly Problem Solving.

You are my brave hearts and the struggle of the past few years has proved your resilience and the conviction to beat all odds. Every challenge that life poses, edifies the lesson that one must enjoy the good time because it won't last forever, at the same time, let the bad time pass and do not worry, as that too won't last forever.

Bringing you the best of opportunities in the year ahead.

May you continue to learn Hearts-on, Heads-on, Hands-on.
